

alternative the NPS would work cooperatively with landowners, local and state government agencies, and others to protect river resources. The boundary for the recreational rivers would include a minimum setback of 200 feet from the ordinary high water flow of the rivers, plus Federal and State fee lands within a quarter mile of the rivers and several significant fish and wildlife habitat areas.

Four other alternatives were also considered: A no action alternative; an alternative that emphasizes rural landscape protection through cooperative approaches with a boundary setback of 200 feet from the ordinary high water flow; an alternative that emphasizes biological resource protection with a boundary that includes significant bottomlands and areas affected by a discharge flow of 60,000 cfs from Fort Randall Dam; and an alternative that emphasizes recreational development with a boundary typically at 200 feet from the ordinary high water mark, but extending further on Corps of Engineers-owned land, potential public use areas, and on biologically significant lands.

DATES: The 30-day no action period for review of the FEIS/GMP will end on September 22, 1997. A record of decision will follow the no action period.

FOR FURTHER INFORMATION CONTACT: Superintendent, Niobrara/Missouri National Scenic Riverways, P.O. Box 591, O'Neill, Nebraska 68763-0591. Telephone: 402-336-3970.

Dated: August 11, 1997.

William W. Schenk,
Regional Director, Midwest Region.
